

Takin' Me Higher

Bucks Fizz

You always played around
With the rules of the game
You never thought you'd found
A girl that you couldn't tame
And so you shop around
But she's never the same

Can't get you on the phone
You leave my loving in doubt
I know you're always home
It's what they're talking about
You always played alone
You never figure it out

Fire!
You know you're burning me
My love is burning with heat and desire
It's higher (higher) you're takin' me
You know your loving is takin' me higher
It's higher
Taking me, taking me higher

You thought you'd never lose
But you were wrong from the start
You tried to pick and choose
And it was breaking my heart
We tried to pull together
It took us further apart

Fire!
You know you're burning me
My love is burning with heat and desire
It's higher (higher)
You're takin' me
You know your loving is takin' me higher
It's higher
Taking me, taking me higher

You know
You're takin' me higher!
