

I'm Looking for Someone to Love

Buddy Holly

Stayin' at home, waitin' for you
Just won't get it 'cause you say we're thru
Well I'm lookin' for someone to love
I'm lookin' for someone to love
Well if you're not here
But baby, I don't care
Because I'm lookin' for someone to love

Playin' the field all day long
Since I found out I was wronged
Well I'm lookin' for someone to love
I'm lookin' for someone to love
Well if you're not here
But baby I don't care
'Cause I'm lookin' for someone to love

Caught myself, thinkin' of you
You can't love me and an other one too
Well I'm lookin' for someone to love
I'm lookin' for someone to love
Well if you're not here
But baby I don't care
Because I'm lookin' for someone to love

Drunk man, street car
Foot slipped, there you are
Well I'm lookin' for someone to love
I'm a-lookin' for someone to love
Well if you're not here
But baby I don't care
Because I'm a-lookin' for someone to love
I'm lookin' for someone to love
I'm lookin' for someone to love
I'm lookin' for someone to love
I'm lookin' for someone to love
