

Last Night

Buddy Holly

Last night as I watched the stars from my window
I prayed Lord above to guide and protect you
Tho' I'm not wanted now, I still love you somehow
That is my only prayer, for you

Last night, as I gazed thru the mist in my eyes
I wanted you here to hold you so near
But silence tells me, You didn't hear my plea

I missed you so much since you left me
My heart ached apart since you left me
Tho' I'm not wanted now, I still love you somehow
That is my only prayer, for you
