

## Little Baby

**Buddy Holly**

Little baby, baby me  
Little baby, baby me  
In my heart you are the one  
Look around and have your fun  
Oh woh woh-woh  
You be my little baby  
And baby me

Little baby can you see  
What your love has going to be?  
Can you see love in my eyes?  
Love that leaves me full of sighs  
Oh woh woh-woh  
You be my little baby  
And baby me

Little baby, baby me  
Little baby, baby me  
Maybe I will baby you  
With a bunch of love for you  
Woh woh woh-woh  
You be my little baby  
And baby me
