

## Tell Me How

**Buddy Holly**

Tell me how to keep your love  
You know how I need your love  
Tell me how you keep the love  
Within your heart from me  
Don't you know that I love you  
Let me show why I'm true blue  
When I know our love is true  
Don't keep your love from me  
If you would say to me today  
The time for love is now  
Could I sway your love my way  
Then I say tell me how  
Tell me how to keep your love  
You know how I need your love  
Tell me how you keep the love  
Within your heart from me

If you would say to me today  
The time for love is now  
Could I sway your love my way  
Then I say tell me how  
Tell me how to keep your love  
You know how I need your love  
Tell me how you keep the love  
Within your heart from me  
Tell me how you keep the love  
Within your heart from me
