

## Someone Like U

Bunga Citra Lestari

Never thought you came into my life  
It makes my life brighter  
It makes my dreams come true

You bring life to everything i do  
Our love is sincere  
For the last forever

I love you  
And you know my love is true  
It will never end  
Till the end of time

I will never find someone like you  
But I have to go on and I still will go on  
I will never find love like yours  
And those sweet memories it will always last forever

[Repeat all]

I love you  
And you know my love is true  
It will never end  
Till the end of time
