

# Deception

Buried In Verona

You're facing  
The final chapters  
Event horizon  
Of your world as you know it  
It's ending  
Slowly decaying  
The bloods on your hands  
Don't repeat the past

No matter what I do or how hard I try  
I've got nothing left  
I'm over the fight  
You're just wasting  
Time  
You're wasting  
Life  
You know you've lied so much it's staining your teeth  
You never know if you fell  
Could you land on your feet  
You're just wasting  
Time  
You're wasting  
Life

It's fascinating  
To hear the shit you're saying  
Does it help you sleep at night  
Your conclusions confuse me delusions you must see  
Nothing in this world is free.  
Yeah

Can't you see that its tearing the seems  
I'm wearing thin from within your infecting me.  
There's certain things that I can not forgive I just hope it all stop  
s so we can start again.

I guess it's hard to see past the thought of yourself  
You don't know what you have  
Never learned for yourself  
You're just wasting  
Time  
You're wasting  
Life  
Now I hate to say that there's distance between us  
Connections lost our friendships in pieces  
Your just wasting  
Time  
Your wasting  
Life  
Goodbye
