

Bank On It

Burna Boy

Yeah
Life is sweet when the sun up
Like the trees in the summer
When the seas are troubled
Then we all need someone
My life Omo
No be small thing Omo
We all strive for more
To live life ina comfort
So forgive me if I fumble
'Cause I am only human
Somebody move that I don't know
Hit them with the seven box combo
Always looking out my window
Paranoid and confused
I'm not sure anymore
Who is knocking at my door?
And so as the day comes, as I go on
Protect me Lord, I cannot, trust my neighbors
Be my saviour
When that day comes
Defend me from my enemies and my neighbors
(JAE5)

You can bank on it
You can put a hundred grand pon it
Anything I said, I stand pon it
In a private plane, I land pon it
Le le ooh
Dem dey call me Bankole
'Cause I walk around with a bank on me
Show them Gangnam style
Put the gang on 'em
Twist my fingers up and bang on 'em
Le le ooh, le le ooh, le le ooh

Different type of evil available
And any one of them can killi you
At anytime anything can happen, oh
Any one of us could have been Pop Smoke
We must go when the most high call us
So I'm paranoid, borderline bipolar
Wear my vest and clean my gun up
I ain't going out breda

You can bank on it
You can put a hundred grand pon it
Anything I said, I stand pon it
In a private plane, I land pon it
Le le ooh
Dem dey call me Bankole
'Cause I walk around with a bank on me
Show them Gangnam style
Put the gang on 'em
Twist my fingers up and bang on them
Le le ooh, le le ooh, le le ooh, oh yeah

To ba lowo ko ma jo
To ba lomo ko ma jo
Nobody know tomorrow
Joro ka joro
And if ah boy feel macho
Make him leak red like ah tomato
If him nuh dead then him comatose
No go fumble, oh

As the day comes
As I go on
Guide and watch over me oh Lord
I cannot trust my neighbour
As the day comes
As I go on
Guide and watch over me oh Lord
I cannot trust my neighbour
Aje, aje, what happened?
Hmmm
Make you ask them what happened?
No forget say me come from Port Harcourt
Hmmm
Oluwa Burna ko gbadun
Hmmm
