My people just dey try to find any way  
Grinding, just to stay alive every day  
To survive, have to go outside in the rain  
I get high, just to minimize all the pain  
Who am I to be criticizing the way  
You live your life, on how you decide to get paid?  
Anytime when they try to slide in my lane  
El shaddai, always dey behind me, Amen  
How I wish I knew all this things back in the days  
Maybe many things for never happen to me  
It's always love from me any time to ba de  
Look wetin you got to do my guy

'Cause I no fit vex  
No fit vex  
And I no fit vex, for you  
Omo I no fit vex
