

## Sordid Leader

Burst

Arms gagged  
I'm flat on my back  
Those nauseating grins  
Covers all light, blackest lies

How unconcerned we swallow  
All which we're fed  
A revelation came to me  
Integrity, a new entity

Genuine and truthful  
I smite your grim design  
Taunted, unconscious  
I woke to find a life

Arms gagged  
Tied to the back  
With no questions asked  
We shall remain on our backs
