

# These Woods Aren't Safe For Us

**Bury Tomorrow**

I can feel you running, and I can taste the sickness in the air  
Go grab the stuff Kate, can't you see that it's time for us to go

Our luck is turning, I can sense your sadness isn't fair  
Just don't look back babe, I'll be behind you all the way  
The others are learning (the pages are turning)  
The evidence is scattered on the floor (let's get out of town)  
My mind is bending, I've been here time and time before

These woods aren't safe for us, get up and save yourself  
You won't see the whites of their eyes babe, of their bloodshot eyes

These woods aren't safe for us, get up and save yourself  
You won't see the whites of their eyes

I see you running, I sense your sickness isn't fair  
Go grab the stuff Kate, can't you see it's time for us to go  
Our luck is turning, I sense your sickness isn't fair  
Just don't look back babe, I'll be behind you all the way

Where would I be without you? (2x)

I can feel you running, and I can taste the sickness in the air

There's something I never, that I never knew (2x)
