

All The Right Moves

Bury Your Dead

All that I am
Is what this promise means.
You are the only thing that's left for me.
And what might keep me, falls to a second place,
When I remember what you give for me

All that I have
(is) All that you've given me
My heart was empty
Life was killing me
Gave you my body
And you gave me love
I swear my everything, you're not just all i have, you're all I
need.
You're not just all i have, you're all I need.

I mean these words
More than I've ever meant anything things before.

You're all that I need
