

Everything I Knew

Busted

Everything i knew just went out the window
Know i can depend on you - forever
And i never thought i'd see
My life walk away from me
I thought we'd always be - together

Notice you didn't have to pay
For every word i say
And i wish i could change your decision
And you know that i try
And tell you what it's like
But you just wouldn't listen

Lets go back lets rewind to the days that remind me
of all the good times that we spent together
And i don't know why we just let it all slide
When we both knew inside we were right for each other

I don't know what to do
Cos your everything that i knew

Everythings the same
It's like tomorrow never came
We used to talk about - whatever
And the seasons never change
We never used to act our age, everytime we were - together

Notice you didn't have to pay
For every word i say
And i wish i could change your decision
And you know that i try
And tell you what it's like
But you just wouldn't listen

Lets go back lets rewind to the days that remind me
of all the good times that we spent together
And i don't know why we just let it all slide
When we both knew inside we were right for each other

I don't know what to do
Cos your everything that i knew

How can you just walk out of my life
Without even giving a reason
And how can you look so good
The day i watched you leaving

Lets go back lets rewind to the days that remind me
of all the good times that we spent together
And i don't know why we just let it all slide
When we both knew inside we were right for each other (2x)
