

# Hurra Hurra Die Schule Brennt

Busted

Hey  
Ho  
Lets Go!  
The girls in the suburbs  
They wear nose-rings made of Phosphor  
Their lips are blue  
Hair is green  
They got piercings in their ears.  
Sticking it out the pockets  
Some bottles of beer  
They're running through the streets  
And every place that they go  
Is a stench of fuel in the air.

Das ist neu  
Das ist neu  
Hurra, Hurra die Schule Brennt (2x)

The girls in the suburbs  
It's all that they way  
Kick it be alone  
The sirens Sound  
The bells they ring  
Children start to scream  
Schools Burning Down!  
Schools Burning Down!  
The sirens in the distance  
Everything's Good  
By the Firewood  
Where the school Stood  
Everybody sing:

Das ist neu  
Das ist neu  
Hurra, Hurra die Schule Brennt (4x)

The girls in the suburb  
They wear Nose-rings made out of phosphor  
Radios turned up to eleven  
Punk rock ringing in their ears  
Then came each other,  
By the burning fire.  
The sun shines in the sky,  
The fire is burning  
Out of Control  
And I don't want to die!

Das ist neu  
Das ist neu  
Hurra, Hurra die Schule Brennt (4x)
