

Who's David

Busted

You've always been this way since high school
Flirtatious and quite loud
Find your sense of humour spiteful
It shudnt make you proud
And I know your pretty face
Fits for the guys
But you make up your face
Enough to hide the lies

Are you sure that ur mine
Arent you datin other guys
Cos your so cheap
And I'm not blind
Your not worthy of my time
Somebody saw you sleep around the town
And I've got proof
Because the words going around

You told your folks
Of who you're dating
I hate it what a sore
Your stupid lying
Whos David?
Some guy who lives next door
So go live in the house of David if you like
But be sure he dont know Peter John or Mike?

Are you sure that ur mine
Arent you datin other guys
Cos your so cheap
And I'm not blind
Your not worthy of my time
Somebody saw you sleep around the town
And I've got proof
Because the words going around

And I know
That you try
To break me into pieces
I know what youre like
But u cant hurt me now
I'm over you
Doo dooo dooo
I dont like u

Are you sure that ur mine
Arent you datin other guys
Cos your so cheap
And I'm not blind
Your not worthy of my time
Somebody saw you sleep around the town
And I've got proof
Because the words going around

Woah I dont like you
No I dont know you
