

Everywhere We Go

Busy Signal

Yeah!

I'm gonna live my life
Treat everyone as family, we show Love
Everywhere we go, everywhere we go
Before you realize
Time is short so you live your best
Today hoping for tomorrow, tomorrow

Loving the life you live
People feeling the vibe we give
Right now we spread the good energy
Keep it real that's all I need
Ya, spending my money tonight you know
Bill up big one gimme the light you know
Dj turn it up, turn it up
Girl dem sexy and nice you know
Which one to be my wifey oo
Maybe it's the drinks in my cup cup cup
But I'm filling up, up, up

I'm gonna live my life
Treat everyone as family, we show Love
Everywhere we go, everywhere we go
Before you realize
Time is short so you live your best
Today hoping for tomorrow, tomorrow

Don't gat no for bad energy
Don't need no stress from anybody
Bless I am blessed Jah protecting me
Guide me away from the enemy
Walk ina the party already me say let's go
Smile with my neighbors next door
No matter what them 'a pree this is my night (My night)

I'm gonna live my life
Treat everyone as family, we show Love
Everywhere we go, everywhere we go
Before you realize
Time is short so you live your best
Today hoping for tomorrow, tomorrow

Treat everyone as family, we show Love
Everywhere we go, everywhere we go
Before you realize
