

Like No Other

Byron Cage

There is a name
A glorious name that I adore
It's deserving of praise
Marvelous things You will perform
It brings calm to all my fears
And helps me to weather every storm
You give strength that I need
No name is greater than Yours

That name
Something happens, when we call that name
Jesus
Every knee will bow, every tongue proclaim
That name
You have all power and your power will remain
That name, no other name
[x2]

It's a name that I call
No matter the day or the hour
He'll protect when I fall
You show Your strength, You show Your power
Heaven and earth, they will all pass away
But it's Your name
That won't wavier Lord, it won't change

That name
Something happens, when we call that name
Jesus
Every knee will bow, every tongue proclaim
That name
You have all power and your power will remain
That name, no other name
[x2]

That name
Jesus
That name
That name

It soothes, like no other
It calms, like no other
It heals, like no other
Reveals, like no other
[x2]

Like no other [repeat till end]
