I dream of my tropical island Down in the carribbean sea The blue skies, the beach and the coconuts Oh baby, and you and me

Listen to the conga
When they play the rumba
In my dreams I am dancing with you

Santo Domingo, place in the sun Tropical island, island of fun Singin' songs, ooh na, na na Singin' songs of love Summer nights together in Santo Domingo

The tropical night was falling
And darkened our hut of bamboo
Just lit by the light of the silvery moon
I made love that first night with you

Listen to the conga
When they play the rumba
In my dreams I am dancing with you

Santo Domingo, place in the sun Tropical island, island of fun Singin' songs, ooh na, na na Singin' songs of love Summer nights together in Santo Domingo

Listen to the conga
When they play the rumba
In my dreams I am dancing with you

Santo Domingo, place in the sun Tropical island, island of fun Singin' songs, ooh na, na na Singin' songs of love Summer nights together in Santo Domingo Santo Domingo, ooh la la la
