

## Sore Spots

Caesar

I stop my memory  
Is nothing but a gallery of sore spots  
Can't you see  
I care a lot but I don't wanna  
hold on to the retrospective life  
I don't wanna overestimate this time

It's stuck, that's for sure  
Can't do this, follow that,  
live is so imperfect, almost human, just like me  
We live a lie, this is why we  
hold on to reanimating life  
I don't wanna overestimate this time
