

# King

## Caliban

Bow down!  
And hail to the king!  
I dont care what people think  
Bow down!  
With your face in the mud  
I'm larger than life  
I dont give a fuck

The throne is mine, the crown fits fine  
I couldn't care less about your cryin'  
My rug is red, golden my bed  
I have everything  
But Regrets

Nothing to hold on  
King of kingdom gone  
I'm all alone

Bow down!  
And hail to the king!  
I dont give a fuck of anything!

I live among gods, I dine in hell  
I'm on top of the world and I never fail  
But within my towering walls  
I singing a song about an empty soul

Nothing to hold on  
King of kingdom gone  
I'm all alone

Where I walk  
There's light  
Where I speak  
There's quiet  
Darkness inside  
Silence cries  
Is this what I long to be!?

Who have I become?  
A king of kingdom gone  
I'm trying to hold on  
Who have I become  
A king of kingdom gone  
I'm trying to hold on

Nothing to hold on  
King of kingdom gone  
I'm all alone  
I'm all alone  
I'm all alone
