

# Big Joints

Cam Meekins

I was smoking big joints  
When you called me  
Bitches got me stressed out  
Get 'em off me  
I'm flying to the next spot  
I'm always on the run  
Some people act like you live more than once  
I was smoking big joints  
When you called me  
Bitches got me stressed out  
Get 'em off me  
I'm flying to the next spot  
I'm always on the run  
Some people act like you live more than once  
But you don't

No you don't  
And I know that you see me everywhere  
I should feel a couple things but I won't  
Yeah, I can't sit at a desk  
I'd rather smoke a blunt  
I'm living out my dreams, homie sober up  
This is real life, I gotta reach the top  
These bitches love drugs when the speakers bop  
She a freshman, but she in the club  
She got 2 years before she 21  
And I'm impressed with, the way she pour the cups  
Tell security I'm 'bout to smoke a blunt  
Stay solid, I would die for my friends  
And when I get the money we gon' all get a Benz  
Get 'em off me, I had to grind for this shit  
And I know this beat gon' make me really really rich

I was smoking big joints  
When you called me  
Bitches got me stressed out  
Get 'em off me  
I'm flying to the next spot  
I'm always on the run  
Some people act like you live more than once  
I was smoking big joints  
When you called me  
Bitches got me stressed out  
Get 'em off me  
I'm flying to the next spot  
I'm always on the run  
Some people act like you live more than once  
But you don't

Got in with some bad things  
Ain't nothing funny  
Got her mind on her money  
She barely 20  
Got that Kylie Jenner ambition  
I'm Bryant Griffin, man  
That Instagram chick was only fucking for my riches, ay  
PC on my shizzirt, I'm going berzerk

You don't look like a snack baby girl you like a dessert  
Tell flex drop a bomb, all my songs on point  
Every time you see the boy I got a couple big doinks

I was smoking big joints  
When you called me  
Bitches got me stressed out  
Get 'em off me  
I'm flying to the next spot  
I'm always on the run  
Some people act like you live more than once
