

# Nightmares

Cam Meekins

They said I won't make it I never did wake up  
It's all been a dream I ain't never take pay cuts  
When I was sixteen snuck to your house  
Climbed through the window fucked on the couch  
Everybody else want it well baby I got it  
And now that I got it I can say I don't want it  
Cause ever since this it's like all I do  
Is break up with bitches to write songs 'bout you  
And I said I don't love it  
I'm always running  
It's like superbad baby gimme McLovin  
Back when I was broke, Egg McMuffin  
Now I spent four-hundred bucks on discussions to analyze dreams  
What does that mean  
I see you in my nightmares, see you in my sleep  
Staring out the window looking at the street  
Twenty-six stories and I might just leap

I see you in the night when I'm supposed to be sleeping  
Next to my girl, next to my girl  
I don't know what I'm thinking  
I might be crazy but at least I'ma get this right  
I see you in the night when I'm supposed to be sleeping  
Next to my girl, next to my girl  
I don't know what I'm thinking  
I might be crazy but at least I'ma get this right

I don't give a fuck, I-I don't give a fuck  
I don't give a fuck, I-I don't give a fuck  
I don't give a fuck, I-I don't give a fuck  
I don't give a fuck, I-I don't give a fuck

She said I can't take it we never did break up  
I kinda walked out she was putting on make up  
I hate thinking 'bout it, I hate writing songs  
I hate she was right, I hate being wrong  
I make good excuses I sit back and smoke  
I say I feel fine even though I really don't  
I'm putting on a mask but everybody made me  
And when I try and leave she always say take me

I see you in the night when I'm supposed to be sleeping  
Next to my girl, next to my girl  
I don't know what I'm thinking  
I might be crazy but at least I'ma get this right  
I see you in the night when I'm supposed to be sleeping  
Next to my girl, next to my girl  
I don't know what I'm thinking  
I might be crazy but at least I'ma get this right

Take me to the edge  
Take me to the ledge and I might just race  
Take me where it feels like fate  
Take me where it's home cause I'm tryna feel safe  
Take me at a small dose rate  
People getting sick of me, people don't mean shit to me  
Take me out the back cause I'm sick of people staring

Take me out the group chat sick of people shar-
