

# Runaway Train

Cam

I always knew  
That you were hiding something from me  
I always knew  
You're not what you pretend to be  
I always knew  
That all your lies would come to light one day  
But I never knew what it could do to me  
My broken heart's become an engine  
And my blood is pumping steel  
I'm running wild with vengeance  
I've lost control of this machine  
There's no slowing down now  
I'm a runaway train  
My pistons are pounding  
Brakes are screaming your name  
And when there's nothing but wreckage and flames  
And your misery is all that remains  
I'll feel human again  
But I'm a runaway train  
I never knew  
That I could have this kind of power  
I never knew  
That I could be the one to strike  
I never knew  
That all my love could turn to anger so fast  
Show me what hatred is like  
And now my chest is cold and empty  
I've got steel instead of bone  
The coals are burning inside me  
So don't you dare think I won't  
There's no slowing down now  
I'm a runaway train  
My pistons are pounding  
Brakes are screaming your name  
And when there's nothing but wreckage and flames  
And your misery is all that remains  
I'll feel human again  
But I'm a runaway train  
Red light flashing gears down  
None of that will help you now  
Lying face up on the tracks  
Well you brought it here no turning back  
You brought it here no turning back  
There's no slowing down now  
I'm a runaway train  
My pistons are pounding  
Brakes are screaming your name  
And when there's nothing but wreckage and flames  
And your misery is all that remains  
I'll feel human again  
But I'm a runaway train
