

Keep It Clean

Canned Heat

You wanna do your thing
You wanna do it right
Try to keep your brother from
Gettin' uptight, now

Rode him over
Give him Coca-Cola
Lemon soda
Saucer of ice cream
Take soap and water
For to keep it clean

Drivin' down the street
Feelin' fine
Here come a black and white
Down the line, now

Rode him over
Give him Coca-Cola
Lemon soda
Saucer of ice cream
Take soap and water
For to keep it clean

Said break out
Not get dry
You feel just like you wanted to
See your wife, now

Rode him over
Give him Coca-Cola
Lemon soda
Saucer of ice cream
Take soap and water
Keep it clean

Come on, now

Play your guitar, Henry
That's awesome

Times are good
Times are bad
This could be the best year
We ever had

Rode him over
Give him Coca-Cola
Lemon soda
Saucer of ice cream
Take soap and water
Keep it clean

The election come, y'all
Election go
Your turnout tomorrow
Ready to go, now

Rode him over
Give him a Coca-Cola
Lemon soda
Saucer of ice cream
Take soap and water
For to keep it clean
