

# You Are the One

Canterbury

You are the one  
You are the one  
You are the right one  
You are the only one  
the only one  
yeah you're the right one  
we seem alright  
we seem alright  
nothing's come undone  
you've gotta believe me now  
believe me now  
you're the right one

we're on the run  
we're on the run  
in for the long run  
spread all your feelings out  
and feel them out  
and wear the right one  
you feel it inside most of the time  
most of your own time  
you're breaking the border walls  
you're moving forward  
you're the right one

You are the one  
You are the one  
You are the right one  
You are the only one  
the only one  
yeah you're the right one  
we seem alright  
we seem alright  
nothing's come undone  
you've gotta believe me now  
believe me now  
you're the right one

oh, you can start again  
oh, when you feel so broken down  
and your eyes are open now

oh, you can start again  
oh, when you feel so broken down  
and your eyes are open now

You are the one  
You are the one  
You are the right one  
You are the only one  
the only one  
yeah you're the right one  
we seem alright  
we seem alright  
nothing's come undone  
you've gotta believe me now  
believe me now

you're the right one

you take up the time  
it takes me look back behind  
to find your smile  
I know you're smart enough to know  
I won't break for a while  
I'm tired but think that's a sign  
to find a smile  
you're the only one  
you're the only one  
you're the only one  
you're the only

You are the one  
You are the one  
You are the right one  
You are the only one  
the only one  
yeah you're the right one  
we seem alright  
we seem alright  
nothing's come undone  
you've gotta believe me now  
believe me now  
you're the right one, one
