

Worshipper - Pop Mix

Canton Jones

[Verse 1:]

They see me smiling when I hit the streets
And laugh with everyone I meet
They see me calm when trouble comes my way
Cause I know that it will be ok
And every single day I wake up, I lift up my hands and I praise
you
Cause I know that you will give me life to live
And then, grace and mercy follows so I can do the will
And I'm happy, but to some that's a mystery yeah

[Chorus:]

They don't know that I'm a worshipper
And they don't know that I'm in love with you [x2]

[Verse 2:]

They ask me what is a successful man
He is one who will give you his hand
Then you do whatever you want to do
Because your love will always bring him through
Yeah every single day I wake up, I lift up my hands and I praise
you
Cause I know that you have given me life to live
And then, grace and mercy follows so I can do Your will
And I'm happy, but to some that's a mystery yeah

[Chorus]

[Verse 3:]

Oh, You have my heart
Yeah, and no matter where I go
I will always let it show
Where ever I go
What ever I do
You're in love with me
I'm in love with You
I'm a worshipper [x3]
Yeah

[Chorus]
