

Secret Agent (007 Radio Mix)

Captain Jack

My name is Captain Jack

It's a dark night around the world
And the evil powers are in charge
You better run run for your life
We'll get you out of there
So we are here
To save the world again
We are secret agents on tour again
So we are here
To save the world again
We are secret agents side by side

Secret again Capt. Jack
Don't be scared, don't look back
Under cover through the land
I'm your secret agent man
Feel my beat go through your veins
I will make you go insane
Spying spying through the night
Everything will be all right

Secret agent Capt. Jack
Keep on going, I'll be back
Running through the city lights
Secret agent man in sight
Life will never be the same
This is not a fucking game
Running running for your life
You don't even have a knife
