Sing a Song

Captain Jack

Sing sing a song
Sing a song for love and happiness
Come on - sing a song
For the boys and girls around the world

A catchy melody
That will set your spirits free
Come on and sing sing a song
Take the right way not the wrong
And sing this song

Come on and sing
And free your mind, ma thing
Seemend left behind, who cares
It's all about, to share

So don't forget your day has come Your head into the sun The music makes you free Don't hurry and you'll see

That love should rule the world, be strong Don't be afraid you're wrong Maybe it takes some time
But when you start to smile

You lighten up the day and all So could you hear my call And you will be the king So do believe and sing

Sing sing a song
Sing a song for love and happiness
Come on - sing a song
For the boys and girls around the world

A catchy melody
That will set your spirits free
Come on and sing sing a song
Take the right way not the wrong
And sing this song

So fine,
You make me feel so fine
I'm gonna make you mine
You know that I am honest

But my baby give us time
To hurry that means crime
There is no need to worry
When you're too fast I'm sorry

Come and start to free yourself Stop sittin in your shelve Come out and use your wings And learn again to fly Believe in what tomorrow brings It's just a simple thing You can be queen or king You only have to sing

Sing sing a song
Sing a song for love and happiness
Come on - sing a song
For the boys and girls around the world

A catchy melody
That will set your spirits free
Come on and sing sing a song
Take the right way not the wrong
And sing this song
