

## Cannonless

### Captain, We're Sinking

We come down  
No more furtively looking around  
Glossy-eyed but looking straight  
Our fingers touch and separate  
I take slow steady breaths  
Keep time by the rise and fall of your chest

We come down  
Frozen bodies warmth embalms  
Faces flushed to trembling lips  
Crystals rise from the mist of our breath  
Triumphantly the threads connects  
Subsonic whispers self-reflect  
A reverie held rigidly in check

And self-control breaks  
The walls whisper our names

And this is what we were made for  
This is how we're made

Blissfully our frames connect  
Keep time by the rise and fall of your chest  
Take slow, steady breaths  
Fall asleep

Self-control breaks  
Walls whisper our names  
And this is what we were made for  
This is how we're made

Blissfully our frames connect  
Take short and shallow breaths  
Keep time by the rise and fall of your chest  
And fall asleep
