

Dance of Joy

Captain, We're Sinking

The night settles in
Things you start to think about
Voices in your head
The people that you care about
Existential dread
Every time that you close your eyes
Your hands shake
It feels like it's over
Stand up straight
Think it through when you're sober
Everything, everything's gonna be alright

You'll be alright
Yeah, you'll be alright
Everything will be fine
Yeah, you'll be alright
Keep your head up high

Your hands shake
It feels like it's over

Stand up straight
Think it through when you're sober
Everything, everything's gonna be alright

You'll be alright
Yeah, you'll be alright
Everything will be fine
Yeah, you'll be alright
Keep your head up high

You'll be alright
(You'll be alright)
You'll be alright
(You'll be alright)
Everything will be fine
(Everything will be fine)
[?] you'll be alright
(You'll be alright)
Keep your head up high
