

Trying Year

Captain, We're Sinking

Now I don't know but I think we should go
The sky grows darker by the minute
Now all is forgiven
Let's take everything for granted
It's the end of days
Yeah, we're all okay

It's been a really trying year
It's been a really, really, really hard year
It's been a really trying year

Take it back now
I don't think you're right this time
You think you have it so bad
You think that you have the worst life
Mid-twenty-something
So tired and bored to death
Mid-twenty-somethings up to their necks in crippling debt
We're untouchable
We're young unlovables

It's been a really trying year
It's been a really, really, really hard year
It's been a really trying year

Put your hands over your mouth
Don't move and don't make a sound
Will we make it out of this?
Yeah, we'll make it out of this

I don't know
I don't know
I don't know

It's been a really trying year
It's been a really, really, really hard year
It's been a really trying year
It's been a really, really, really hard year
It's been a really trying year
It's been a really, really, really hard year
It's been a really trying year
