

# Complicated

Carolyn Dawn Johnson

I'm so scared that the way that I feel  
Is written all over my face  
When you walk into the room I wanna find a hiding place  
We used to laugh, we used to hug  
The way that old friends do  
But now a smile and a touch of your hand  
Just make me come unglued  
It's such a contradiction, do I lie or tell the truth  
Is it fact or fiction the way I feel for you

It's so complicated  
I'm so frustrated  
I wanna hold you close  
I wanna push you away  
I wanna make you go  
I wanna make you stay  
Should I say it  
Should I tell you how I feel  
Oh I want you to know  
But then again I don't  
It's so complicated

Just when I think I'm under control  
I think I finally got a grip  
Another friend tells me that  
My name is always on your lips  
They say I'm more than just a friend  
They say I must be blind  
Well I admit that I've seen you watch me  
From the corner of your eye  
Oh it's so confusing I wish you'd just confess  
But think of what I'd be losing  
If your answer wasn't yes

It's so complicated  
I'm so frustrated  
I wanna hold you close  
I wanna push you away  
I wanna make you go  
I wanna make you stay  
Should I say it  
Should I tell you how I feel  
Oh I want you to know  
But then again I don't  
It's so complicated

I hate it cause I've waited so long  
For someone like you

Should I say it  
Should I tell you how I feel  
Oh I want you to know  
But then again I don't  
It's so complicated
