

Like I'll Never Love You Again

Carrie Underwood

You're gonna run out of cigarettes
And we're gonna run out of wine
We haven't even started the good stuff yet
It's OK, we've got plenty of time
So pull up a comfortable chair, baby
And put on those records that drive me crazy
You look so good in this light
Oh yeah, you look like nothing but mine

I wanna love you like the world's gonna stop
Til the very last second, last tick of that clock
I'm gonna slow it all down and then take you from zero to ten
Oh, I wanna love you like I'll never love you again

Let's make this night last forever
Like honey dripping sweet and slow
Every kiss just tasting better
Every touch, every whisper, let go

I wanna love you like the world's gonna stop
Til the very last second, last tick of that clock
I'm gonna slow it all down and then take you from zero to ten
Yeah, I wanna love you like I'll never love you again
Ooh, yeah

I wanna love you like the rain on a roof
Stronger than a bottle of 110 proof
I wanna take love to places that love has never been
Yeah, I wanna love you like I'll never love you again
And I'll love you again
Oh, and again
