And you think you're alone as if I wasn't there
YouDre losing your faith in me
ItDs a car, it's a crash, it's a death, and you're scared
You just can't escape the scene

Hush now you're insane Touch my skin, come back again The sky is falling

It□s something you cannot fake
This something you will not shake
Just walk away before I look at you
It□s something only you can take

All your words, it's a lie to yourself, it's a home ThereDs so much that you can't see
ItDs a bomb that can kill everyone, and it blows
You can't even hear me scream

Hush now you're insane Touch my skin, come back again The sky is falling

It□s something you cannot fake
This something you will not shake
Just walk away before I look at you
It□s something only you can take

This is only feeling with no thought Is this love? What happened to the promises I bought? Is this love?

It□s something you cannot fake
This something you will not shake
Just walk away before I look at you
It□s something only you can take
