

Make Love

Case

Yeah, I'ma give you what you want
Lemme give what you need
That's love, yeah
Come on
Let me touch you right there
I'ma make love till you're mine
I'ma give you what you deserve
Come on
Break it, break it, go

I just wanna love you
All the way, baby
All the way, girl
Baby I adore you
Head to toe, baby
Every inch, girl

Ooh, baby, you have no idea
(No idea how much I really care for)
You, baby, so tonight I'll show you
Let me lay you down, girl

Ooh, ooh, my, my
I wanna make love to you, yeah
Yeah, ain't no stopping
Let's go all the way tonight, ooh
Ooh, ooh, my, my
I wanna make love to you, yeah
Let's cherish every moment here together baby

Hey there pretty lady
You look so amazing
All day I've been waiting
To get with you, next to you
Slide closer to me

Girl I need to see
Your body on me
