

Dry Spell

Casey Abrams

Yeah, I'm a mess, I'm about to strike
Another cover of a candlelight
Who said that I need to sleep tonight, tonight?
I'm a wheel, I was born to roll
I got no breaks, I got no control...

Chorus:

Cause she got my head turning
She got my fire burning
So hot the rain is falling...
Is been a dry spell!

I'mma get down with just one string
But I bet you I can make her swing
She's gonna hang on my everything tonight
She's the fever that I just can't fight
It's like I'm playing with dynamite
She's gonna come home with me tonight, tonight!

Chorus:

Cause she got my head turning
She got my fire burning
So hot the rain is falling...
Is been a dry spell!

I see the eyes calling my name on a hot summer day
That melody so sweet, she takes my... away
That little red dress is getting under my skin
She knows, she knows how the real me in
She loves to drive me crazy, so I'm out of my mind
She's going fast to go forward while I'm still in rewind
You don't really know me, but hey, can you tell?
It's been a long, long, dry spell!
Oh baby, it's been a long dry spell!

I'm a match, I'm about to strike
Under the cover of a candle light
Who said that I need to sleep tonight
Oh, oh, tonight!

Chorus: (4x)

Oh, she got my head turning,
She got my fire burning
So hot the rain is falling
I just can't stop falling!
