

## Gomorra (Eyes Of Wrath)

Catafalque

I am Lot, remember me  
The Lot, remember him  
I saw, I told  
He saw, He told  
I shown  
You didn't behold  
He shown, they didn't behold  
Living in the sinful lands, dying by the hand of God  
I warned you all before  
Messenger warned us all before  
I beckoned the eternal war  
He summoned for eternal war

Laws are always eternal  
Lawyer is God  
When the world goes astray  
Sinners craved our blood

While God punished  
Their eyes filled with fears  
When God devours  
They drowned in the bloody tears

Green fields turned to desert  
By the hand of doom, eyes of demise  
Detestable things cannot be concealed  
By God's immortal eyes

Gomorra shame on you  
You're the cradle of sin  
Gomorra shame on you  
Your end is beginning
