

## Mouthful Of Air

Catherine Wheel

Deeper and deeper I go  
Your hearts drowning I know  
All my intentions are clear  
I need to rescue my dear

So I dive, don't despair  
Coming down, with a mouth full of air  
To share

To swim with the shell fish  
I wish  
Suck with the sea queen  
I wish  
Mussels and coral are here  
I need to rescue my dear

So I dive, don't despair  
In the clear, just to see that I care  
Coming down, with a mouth full of air  
To share

I'll feed you much better
