

Please Please Please

Cats on Trees

I can feel you in the night
Everywhere I go, I come to you
I feel blossoms in my heart
Whenever you cry, they bloom for you

If you really don't know who you are
Be the only thing I wanna love
Beyond your walls
I see a hero

Please please please - oh please, you can sleep another day, my
love
We've got a million songs, a million dreams. Wanna live them al

I can see you in the dark
But every time you smile, you catch my heart
The summer sun covers your face
I feel you're glittering like a star

Please please please - oh please, you can sleep another day, my
