

Turn On The Masters

Cattle Decapitation

Idiots! Are mastering dominance through negative reinforcement.
Uneducated. Ignorant and fucking mentally incompetent.
Wife-beater bro needs to die.
Tonight's the night we bite back -- revenge!
We'll dance in our master's intestines
And then go after his friends those motherfuckers.
Turn on the masters
Turn on the bastards
Die! They deserve to die
For their lack of compassion, for human pride.
To turn against what represents the resentment, our discontentment.
Terror! Bloodshed!
Uncontrolled vengeance by maniac on four legs
Completely just.
