

## Solo Para Ti

Cazzette

I envy the way you can be who you're not  
And I stay whether you're cool or not  
Gently keeping my eyes wide shut  
God, help me cause I need your love

You can put all of time against me  
You can take a spaceship to a star  
But I'd be here for you only  
I'm faithful

Oh, for you only  
Oh, solo para ti

It's just me understanding  
There's [?] to cry cause you and I  
Will never be everlasting  
And I don't know why

You can put all of time against me  
But you only get so far  
Cause I'd still be here for you only  
I'm faithful

Oh, for you only  
Oh, solo para ti
