

# Treat Her Like a Lady

Celine Dion

All the girl could want was a little attention  
From a man who's strong and not to mention  
Kiss and caressing her all night long  
But all that boy wants is to hit and run off  
He and his friends—they sit and they laugh  
Going around talking 'bout the girls they used in the past

You gotta get what's coming to you  
For all the bad bad things you do to your

Lady, treat her like a lady  
You'll make a good girl crazy  
If you don't treat her like a lady

Lady, treat her like a lady  
You'll make a good girl crazy  
If you don't treat her like a lady

She stopped going to church, she don't wanna go to school  
She left with anger when he took her for a fool  
Even though her friends tell her to just keep cool  
Didn't tell her from the start just what he had planned  
Right in her face with another woman  
Now she's in jail for attacking her man

You gotta get what's coming to you  
For all the bad bad things you do to your

Lady, treat her like a lady  
You'll make a good girl crazy  
If you don't treat her like a lady

Tell it to her straight, she can take the truth  
Don't lead her on and leave her confused  
Anyone would rather be alone than be used  
Don't sit and think you'll hurt her feelings  
She only wants to know just what the deal is  
Next time beware of who's heart your breaking

You gotta get what's coming to you  
For all the bad bad things you do to your

Lady, treat her like a lady  
You'll make a good girl crazy  
If you don't treat her like a lady
