

## Stay Awake

Celtic Woman

Stay awake, don't rest your head  
Don't lie down upon your bed  
As the moon drifts in the skies  
Stay awake, don't close your eyes  
Stay awake, don't close your eyes

Though the world is fast asleep  
Though your pillow's soft and deep  
You're not sleepy as you seem  
Stay awake, don't nod and dream  
Stay awake, don't nod and dream

Stay awake, don't rest your head  
Don't lie down upon your bed  
And while the moon drifts in the skies  
Stay awake, don't close your eyes  
Stay awake, don't close your eyes
