Ayy, ayy, I pull up in that Elon, all these niggas felines

She said, "Babe, if it's too crazy, that.380 in my clutch"  
I say, "Yah, you know you my favorite shooter"  
Yah, bing-bing-bang-booka-booka

With the band on a beeper or the two-way  
We could get on the Venmo, what's to it?  
We could run just together, what's to it?

By the low, I come from the trenches, we was by the store  
Baby, no, I don't wanna buy your love, but my heart is cold  
Gotta roll, all my homies old and I keep 'em close  
Lucid dream, ridin' that hemi thing, swear I do the most  
Brand new fiend, she drink anything, she might need a Coke

Never sleep, gotta get to this bag, I ain't goin' broke  
Wanna kick it with me, but I ain't got no legs, I been on the go  
I don't go with no plan, better stick with your plan  
Did you hear what I said? I don't know what you sayin'  
And you know I'm the man, let's get to the deads  
Let's get to some bread, better hop out in your bag
