

Am I Wasting My Time

Changing Faces

Looking good
And I wanna get with you, yeah
Oh-oh, yeah

Am I wasting my time? (Tell me)
With you
Can we be alone? (Alone)
I wanna get with you (I wanna get with you)
Am I wasting my time? (Mmhm)
With you
Can I take you home? (Oh yeah)
I wanna get with you

I see you standing over there, baby
Looking real right, your body's looking tight
And from the looks of things, oh baby
This is my night, you really turn me on

I couldn't let you pass me by, I just had to have you
Just couldn't let you pass me by without catching your brown eyes, whoa-oh
Making sure the coast is clear so I can move right in, yeah
Making sure the coast is clear, I can move right on in, yeah

Am I wasting my time? (Ooh yeah)
With you
Can we be alone?
I wanna get with you (I wanna get with you)
Am I wasting my time? (My time, my time)
With you (Whoa-oh)
Can I take you home? (Whoa)
I wanna get with you

You seem to be the answer to my question in my mind, oh baby
Your style, your smile, and your perfection, it really turns me on
And I, I can't

I couldn't let you pass me by, I just had to have you
I know that you're the one for me, and I am making
Making sure the coast is clear so I can move right in, yeah
Making sure the coast is clear, I can move right on in, yeah

Am I wasting my time?
With you
Can we be alone? (I wanna be alone, alone)
I wanna get with you
Am I wasting my time? (Tell me)
With you
Can I take you home? (Can we be alone?)
I wanna get with you

I just couldn't let you pass me by
I just had to have you
I just had to have you, ooh yeah
Making sure the coast is clear so I can move right in, yeah

Am I wasting my time? (My time, my time)
With you

Can we be alone? (Alone, yeah)
I wanna get with you
Am I wasting my time? (Am I wasting my time?)
With you
Can I take you home? (Ooh yeah)
I wanna get with you
Am I wasting my time?
With you
Can we be alone?
I wanna get with you
Am I wasting my time?

My time, my time, my time, my time
My time, my time, my time, my time
Wasting my time
Can I take you home?
