

# Time After Time

## Changing Faces

If your lost, you can look  
And you will find me (you will find me)  
Time after time

ohhh, nah nah nah

[Cassandra:]  
I'm lying in my bed  
I hear the clock tickin'  
And I think of you  
Caught up in circles  
Confusion is nothing new

[Charisse:]  
Flashback, warm nights  
Almost left behind  
Suitcase full of memories  
Time after time

ohhhhh, oh yeah, uh huh yeah

[Cassandra:]  
Sometimes you picture me  
I'm walking too far ahead  
Your calling out to me  
But I can't hear a thing you say

[Charisse:]  
And you say (oooooooooooo)  
Go slow and I fall behind (oooooooooooo)  
And the second hand unwinds (oooooooooooo)

If your lost, you can look  
And you will find me  
Time after time  
If you fall I will catch you  
I will be waiting  
Time after time  
If your lost, you can look  
And you will find me  
Time after time  
If you fall I will catch you  
I will be waiting  
Time after time

When you're lost (whenever you're lost)  
I will be your guide (let me be your guide)  
When you fall (whenever you fall)  
I'll lift you up (I'll lift you up yeah)

[Charrise:]  
After my picture fades  
And darkness has turned to grey  
Watching through the windows  
Your wondering if I'm okay

[Cassandra:]

Sleepless stolen  
From deep inside  
The 8-0-8 is right on time

If your lost, you can look  
And you will find me  
Time after time  
If you fall I will catch you  
I will be waiting  
Time after time  
If your lost, you can look  
And you will find me  
Time after time  
If you fall I will catch you  
I will be waiting  
Time after time

Time after time after time (if you should fall just call me)  
Time after time  
Time after time after time  
Time after time (it's your love right here)  
Time after time after time (you know you are my, my my my man, my my man yes  
you are)  
Time after time (ohhhhhh yeah)  
Time after time after time  
Time after time  
Time after time after time (time time time time time)  
Time after time
