

# Breathe

Chanté Moore

When the pressure's overwhelming  
And you find the price to pay to tell me  
I'll be the strength and life beneath your ego  
When you go and do the things that only you may know

When the world seems so unfair  
And no one else seems to care  
Just know that I'm right here  
To help you clear the air

I'll help you breathe  
I'll help you breathe  
I'll help you breathe  
I'll help you breathe

Oooh to breathe again

When the days lack light and getting cold  
Feel the weight of the world upon your shoulders  
When you feeling that you can't digress  
I'll be there to help you ease the stress

When the world seems so unfair  
And no one else seems to care  
Just know that I'm right here  
To help you clear the air

I'll help you breathe  
I'll help you breathe  
I'll help you breathe  
I'll help you breathe
