

Moments in Love

Charli XCX

I just wanna get high with my best friend
Kiss her on my tongue just like I'm your boyfriend
I just wanna get high with my best friend
Kiss her on my tongue just like I'm your boyfriend

On a roller coaster, this shit is super ultra
So bright like we're flying through the supernova

I just wanna get high with my best friend
Kiss her on my tongue just like I'm your boyfriend
