

No Place to Go

The Charlie Daniels Band

When a man's been mistreated
When he been kicked around
He been laughed at and lied to
Well yeah know he keeps going down

When a man hits bottom
Woman I know, yes I know
Ain't no place left to go
Ain't no place left to go

I been locked down by a woman
Locked out in the street
I been locked up in the jailhouse
I been locked into a bad, bad dream

When a man hits bottom
Tell you for sure
Ain't no place left to go
Ain't no place left to go

Well... blue is my color
Misery my ball and chain
13 is my number
Hard luck is my middle name

When a man hits bottom
Tell you for sure
Ain't no place left to go
Ain't no place left to go

Well... blue is my color
Misery my ball and chain
13 is my number
Hard luck is my middle name

When a man hits bottom
Tell you for sure
Ain't no place left to go
Ain't no place left to go
Ain't no place left to go
Oh yeah
Ain't no place left to go
...
