

# I Don't Wanna Hurt You Baby

Charlie Puth

See I been thinkin' lately, baby.  
I don't wanna hurt you baby, no more.

I see you walkin' over there with all your friends  
Eyein' me down but remember what you said to me, to me.  
We've been on and off for a couple months now  
Feelin' ok about it all but baby somehow  
You keep coming back to me.

The last thing I wanna do is leave again and end up bringin' you down  
And you can't just come around.  
I don't wanna keep playin' these games, I've broken your heart and caused yo  
u so much pain.  
All I've gotta say is,

I don't wanna hurt you baby  
I don't wanna hurt you baby, no more.  
So it's best that we move on.  
I don't wanna hurt you baby  
I don't wanna hurt you baby, no more.

Girl, even though you do it better than anyone else,  
Staying with me ain't no good for your health.  
I've made alot of mistakes, I'm not the only one, don't have to be this way.  
That way I don't have to explain why  
For all it's worth at least we gave it a try.

Please believe in me cause,

The last thing I wanna do is leave again and end up bringin' you down  
And you can't just come around.  
I don't wanna keep playin' these games, I've broken your heart and caused yo  
u so much pain.  
All I've gotta say is,

I don't wanna hurt you baby  
I don't wanna hurt you baby, no more.  
So it's best that we move on.  
I don't wanna hurt you baby  
I don't wanna hurt you baby, no more.

Yeah, yeah  
Yeay, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah.  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah, yeah, yeah.

It breaks my heart when you once said that  
"You're my one and only  
And I'll love til day is done  
You're the one that makes me happy."  
God, what have I done?

Mmm-mm-mm-mm-mm-mm-mm

Yeah-ea-ea-ea.

I don't wanna hurt you baby  
I don't wanna hurt you baby, no more.  
So it's best that we move on.  
I don't wanna hurt you baby  
I don't wanna hurt you baby, no more.
